

“HOUSE PLANTS”

Garage & Yard

Plants are important to people in many ways. They help us have clean air and water, keep soil from eroding, impact our climate and they are beautiful. There are lots of things in our everyday lives made from plants.

Can you list the things in and around a home that are made from plants? When you are done, turn over the page and compare your list to ours.

The House

Bedroom

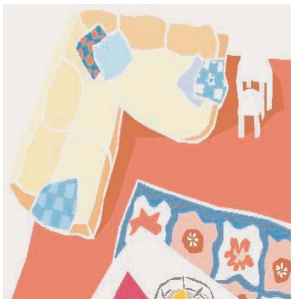

Bathroom

Study/Den

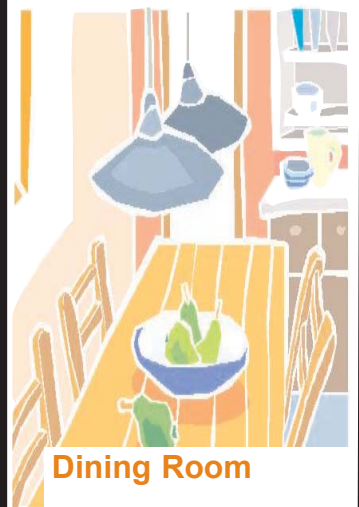

Living Room
